Chili Greens and Sports Dome is a large white dome. There are 2 methods to get there from I-80 and 72nd St exit. From I-80 take the 72nd Street exit and go North on 72nd Street. Go north approximately 3 blocks to Spring Street and turn right. Continue going east on Spring Street and it will be about 5 blocks and on your left, just before the curve. Or you can turn right on Grover Street which is about 1 block north of I-80 and go east about 5 blocks then turn left onto 67th St and go north about 3 blocks.

This facility is an indoor driving range and is an air pressure enclosure. Entry into the dome must be made by going through 2 doors to assure the air pressure inside is maintained. Exhibitors will be allowed to enter thru the front entrance which will require going thru a revolving door or a handicap door on the inside, or they will also be allowed to use the southwest entrance which has a large garage door opening down a ramp. This door on the southwest corner is a set of doors and the inside door must remain closed while the outside door is open. Once the outside door is closed then the inside door can be opened.
